LIMITED ENVIRONMENTAL REVIEW AVAILABILITY NOTICE

The Ohio EPA, through the Water Pollution Control Loan Fund (WPCLF) program, is considering funding a wastewater improvements project which is subject to environmental review requirements. The Village of Mount Orab's proposed project consists of two phases of improvements. The first phase includes eight main components and is scheduled for construction over the next year. The second phase of improvements will be made if and when needed. In conjunction with the village's previously WPCLF-funded sanitary sewer rehabilitation project, all eleven improvements in the two-phase project are expected to address the village's WWTP needs for the next 20 years, including those specified in the village's National Pollutant Discharge Elimination System (NPDES) permit. The purpose of the proposed project is to correct operational and flow-based problems leading to past NPDES permit violations.

As Ohio EPA has issued a Limited Environmental Review (LER) document and an accompanying Final Finding of No Significant Impact (FNSI) on this project, this notice is to advise the public that it will have through March 31, 2016 in which to access the LER. This public information period will begin with the release of the document to the public at the village's offices, Ohio EPA's web site, and distribution of the document to interested parties.

With this release, the LER document may be viewed at either: the village's offices located at 211 South High Street, Mount Orab, Ohio 45154, Mount Orab's website, or at Ohio EPA's Division of Environmental and Financial Assistance (DEFA) website at:

<http://www.epa.ohio.gov/defa/ofa.aspx>

Once there, please scroll down to the "Documents Available for Review and Comment" heading at the bottom of the linked page. Then, please click on the WPCLF Documents for Review and Comment heading to see a list of documents available for downloading. A copy of the referenced LER will be posted there.

On the other hand, if you would like to receive either an electronic copy via email, or a paper copy of the document via U.S. mail, please contact Kevin Hinkle of Ohio EPA at either: kevin.hinkle@epa.ohio.gov or (614) 644-3712.
